

Major Endowments, Scholarships, Funds

Yeshiva University's growth and development rests in large measure with visionary men and women who recognize the need to advance the university's mission. One cannot stress enough the importance of higher education as an instrument for leadership training.

A wide range of opportunities is available to those who wish to support the various facets of the university. This catalog lists primarily those contributors who have supported the various undergraduate schools through the endowment of the following: chairs, which provide outstanding scholars and researchers for classroom and laboratory; programs and departments, which expand undergraduate opportunities; and scholarship and loan funds, which directly underwrite the education of our students.

Additional donors are named in the catalogs of other schools.

The co-chairmen are Daniel Gibber '95R and Steven Selesny '84.
