

Admissions

Yeshiva University is committed to a policy of equal opportunity and nondiscrimination in admissions and all other facets of its educational programs and activities. Address inquiries concerning the nondiscrimination policies to the Affirmative Action Administrator, Yeshiva University, Jack and Pearl Resnick Campus, 1300 Morris Park Avenue, Bronx, New York 10462-1602; 718-430-3272.

TYPES OF ADMISSION

Each admitted student is classified under one of the categories listed below. Not all schools admit under all categories.

Regular Students: students admitted with permission to work toward degrees or diplomas. A regular student admitted with a condition must resolve it within the time limit set by the Office of Admissions to maintain regular student status.

Provisional Students: students admitted without meeting the full requirements for regular status. While classified as provisional, students take a limited program and must consult with the Office of Academic Advisement each semester before registration to review their progress and receive approval of their proposed programs. Provisional students who demonstrate satisfactory performance after two semesters of full-time attendance may petition the dean to be reclassified as regular.

Transient Students: students who enroll only to meet particular needs as they pursue a degree at other institutions without pursuing a regular program leading to a degree or diploma at Yeshiva University. Applicants may be admitted as transient students with the permission of their home institution and specific approval of the Yeshiva University school to which they have applied. For the semester(s) attended, transient students must be enrolled exclusively at Yeshiva University (i.e., they cannot take individual courses while continuing their studies at the home institution).

Visiting Students: students who register for a limited number of courses in a Yeshiva University school while enrolled with regular or provisional status in another YU school. Students must have the permission of both schools to register as visiting.

All students, regardless of their status, must meet all standards and comply with all regulations and requirements.

COLLEGE COURSES FOR HIGH SCHOOL STUDENTS

Yeshiva University High School seniors with good records may take individual undergraduate courses for college credit at Stern College for Women or Sy Syms School of Business. These courses do not count toward undergraduate residency requirements. Obtain information on availability of individual courses from the Office of the Registrar.

UNIVERSITY RESOURCES

Undergraduate students have many opportunities to benefit from Yeshiva University's graduate and professional schools. These include academic programs such as funded summer internships at Albert Einstein College of Medicine and joint degree programs with Wurzweiler School of Social Work and Benjamin N. Cardozo School of Law.

Special scholarships, such as the Anne Scheiber Scholarship Fund at the Albert Einstein College of Medicine and the David Berg and Family Scholarship at the Cardozo School of Law, are available for YU undergraduates who go on to graduate study within the university.

Admissions committees at YU graduate and professional schools give special attention to applications from our undergraduates and are well acquainted with the strengths of the undergraduate academic and Jewish studies programs. Albert Einstein College of Medicine grants an interview to each YU senior who applies.
